

New Lenox Men Hit Oil In Kentucky Field

Two New Lenox men, Peter Rob, and his son, Ronald, whose everyday work, the drilling for water as the Will County Well Drilling Co., 621 Pine St., have hit it good in another endeavor -- drilling for oil.

For the past three years they have been sandwiching in oil drilling with their other work but confined themselves to shallow holes from which returns are meager. This year they decided to go deeper and now in Hopkins County, Kentucky, they have brought in a well that runs between 500 and 1,000 barrels of oil a day.

They first struck oil in the first strata, the O'Hara between 1,939 and 1,954 feet.

"Gassed to surface in 2 1/2 minutes," the report reads, "and flowed clean oil in 37 minutes with a recovery of 1,210 feet clean oil . . . no water . . . with a final bottom pressure of 803 pounds."

They went on down into the McClosky strata, the Robs said, to between 1,890 and 1,895 feet, which drilled one foot to the minute, gassed in 7 1/2 minutes and recovered 1,140 feet clean oil . . . with a bottom hole pressure of 832 pounds.

Ronald Rob explained that they did not want to pump oil from both stratas at the same time so have cased off the O'Hara and are pumping from the McClosky.

The Robs have options on

With the referendum out of the way the Junior College board is proceeding with the work necessary to get the campus development in motion. There are numerous details to be worked out, including many technicalities.

The college president, Elmer Rowley, will appear before the Illinois College Board April 12 to ask approval of the master plan for the new campus in Troy Township.

The architects will present plans to the state board.

Rowley is hopeful of getting a certificate of approval from the state board in May. This certificate would empower the Illinois Building Authority, which will let the bids after plans and speci-

fications get local approval, to proceed with construction.

The board has options on the proposed 200-acre campus site and the question of exercising these and arranging for the sale of the bonds are among the priority matters on the board's agenda.

Berle Needham, of Mokena, acting business manager of the college, William Norton, the district's treasurer, and the legal advisor of the district, Attorney Kenneth Timm, of Cherry Hill, have been appointed to proceed with investigating the questions involving the sale.

A prospectus will be prepared for distribution to the financial houses that may be interested in the purchase of the district's bonds.

Illinois Bar Warns Of Springtime Gyps

The Illinois State Bar Association today warned that many property owners will fall prey to gyp home improvement contractors this spring unless they take certain precautions.

As a first rule, the bar group said, a homeowner should check carefully the reputation of any home improvement contractor with whom he plans to do business. The lawyers' organization added:

"The great majority of home improvement contractors are completely reliable businessmen who are proud of their records and will offer the name of local banks and building material supply firms as references."

Here are 10 rules the lawyers say you should follow if you plan to contract for any improvements or repairs of your property this spring -- or at any time:

1. Ask relatives or friends to recommend contractors with whom they have had satisfactory experience.
2. Call the local Better Business Bureau to determine whether any complaints

have been lodged against the contractor.

3. Ask the contractor for references, including the names of customers whose projects were similar to what you have in mind. Ask to see photographs of those jobs and visit one or more of them to examine the work yourself.

4. Pay a call at the contractor's business address to see if he has an office and a stake in the community.

5. Make sure the contractor has public liability insurance covering injury to others on the work site.

6. Obtain any necessary permit or permits from the village or municipal authorities. Generally, a permit is required to build a garage, to make an addition to the house or to alter or expand electrical wiring or the plumbing in the house.

7. Require a written contract. This should state the work to be done, price to be paid, materials to be used, and the date of completion. Materials should be described by type and grade of quality. Substitutions should require the owner's consent.

8. Make a down payment of an amount no larger than necessary to show your good faith. A small down payment protects you, should the contractor default, leaving you with bills to be paid for labor and materials.

9. Make further payments as the work progresses only when the contractor shows proof that he has paid labor and material costs for work already performed. Workers and suppliers can legally require payment by the property owner if they are not paid by the contractor. If the work is extensive, arrange with a bank, mortgage company or other financial institution to handle payments to the contractor. Such institutions are familiar with vouchers and waivers used to show that tradesmen and suppliers either have been paid or have waived any claims against the property owner. Payments will be made to the contractor only when he has provided such waivers and vouchers.

69 term.

In addition to the slate presented, there will be an opportunity for nominations from the floor prior to the election to be held at the meeting.

After the meeting Mrs. Rosemary Best, the president of the Mokena school Parent - Teacher Association, will show a film on smoking which was made available by the American Cancer Society.

She will also discuss the National Parent-Teacher Association, its workings and benefits to the local organizations. After she finishes she will welcome your questions pertaining to the organization. She is able to discuss the subject intelligently, since the Mokena Parent - Teacher Association belongs to the National Organization.

The taffy apple day at the school will resume during April with Tuesday, April 9, being "TA" Day. The price will remain the same at ten cents each. A reminder to the youngsters is in order, Mother. Please tell them not to throw the wrappers and sticks on someone's lawn on the way home. Wait until you are home to throw them in the garbage.

Speaking of being a litterbug, take one good opened eye look at our community. It looks like a litterbug's haven. There is so much miscellaneous trash thrown around the yards and empty fields that one would think that they were snow patches.

Why not let your little darlings use up some of their excess energy by having a "pick up the junk" party. Perhaps the ground is getting too far from your own feet, but the youngsters can still reach it with ease.

The Arbury Hills School participated in a wrestling tournament held at the Carl Sandburg High School in Orland Park.

Out of fifteen boys entered there were six who placed. In the 70 pound class Ray Majewski placed fourth; in the 79 pound class Marvin Hanes took the first place; in the 87 pound class Russell Been also took a first place; in the 103 pound class Don Majewski also took a first place; in the 129 pound class Stan Pasky took a second place; and in the 135 pound class Steve Peterson took a third place.

The annual Gym Show will be held at the Arbury Hills School on Friday evening, May 3. It is open to the public, which also means the parents.

The Arbury Hills Boys Baseball League will have their April meeting at the school on Tuesday evening April 9, beginning at 7:00 p.m. sharp. The fathers are asked to bring their sons to see the movies of the 1967 Baseball World Series.

The annual baseball parade will be held here in Arbury Hills on Sunday afternoon, May 19. Start praying for a sunny day. The annual parade marks the opening of the baseball season each spring.

Calvary Baptist Church Introduces New Pastor

JAMES PEYTON
Telephone: 532-1516

Rev. John R. Green has recently been called as pastor of the Calvary Baptist Church at 175th Street and 94th Avenue in Tinley Park. Pastor Greene and his wife, Norma, have two children, Jeffrey - age 12 and Judy - age 11. He is a graduate of Tennessee Temple College and Temple Baptist Theological Seminary in Chattanooga with BA and BD degrees. His last pastorate was the Bible Baptist Church near Pittsburgh, Pa.

Since his arrival, the Calvary Baptist Church has entered into a Sunday School contest with the First Baptist Church of Alsip, and has seen a 50% growth in attendance. The church has baptized 19 this month. The

pastor and people invite all to come and worship with them in the "Church with a Big Welcome" where the Bible is always preached. Sunday School begins at 10:00 a.m. with classes for all ages. Worship hours are at 11:00 a.m. and 7:00 p.m. Prayer and Bible Study Wednesday at 7:30 p.m.

-o-

Thanks to all of the people of Tinley Gardens and Arbury Hills who gave to the Easter Seal Campaign this past week-end and especially to the volunteers that spent their free time collecting to help the crippled children. In the Arbury Hills Area three young boys, Blake Teckotte, Al Behnke, and Bob Lindeman asked to be the collectors, and under adult supervision were allowed to

collect. In the Tinley Gardens Area one of our servicemen, Seaman Richard Sandy and Mrs. Vicki Sumner were the volunteers. We are extremely proud of these volunteers and also proud of the generosity shown with the donations in both areas. Once again we thank each and every one of you.

We would like to thank all who took time to vote Saturday, March 30 for the construction of the Junior College near the junction of I-55 and I-80. It was an overwhelming three to one victory throughout the Tri-County area.

-o-

To all who have not registered to vote - Get Registered before April 13 and go to the polls and help elect the school board members for Summit Hill school (3) Lincolnway high school and the junior college. All three school boards will be elected on the same ballot and all voters should vote to get the best boards possible.

One real short note concerning Mr. Roy Newton, Mokena police chief, who has been in Silver Cross Hospital in Joliet for some time now after a very serious illness. Roy had extensive surgery the other day and as yet it is not possible to tell the outcome of the surgery. We all wish you the best of luck and a very speedy recovery, Roy.

-o-

Mrs. Gerald Womack of Ethyl Lane is home from Chicago Osteopathic Hospital where she underwent

surgery. We wish her a speedy recovery also.

The next meeting of the Arbury Hills boys baseball league will be April 9 and will be at the Arbury Hills School where the world series movies that we have long awaited will be shown. All boys in the league as well as all managers and coaches should be present for this worthwhile affair.

-o-

Seaman Richard Sandy of Ethyl Lane was home for the weekend. He is still on the Aircraft Carrier Saratoga which is in drydock at Philadelphia, Pa., at the present time. He is on a bowling team which is in a tournament at the present time and will take him to Washington, D.C. over this next week. Rick says also that he is sorry he did not get to see many of his friends but a week-end is just too short to try to see everyone. Maybe next time around.

-o-

Also a word about son Howie (Airman 1st Class James Howard Peyton jr.). We received a letter from him this week in which he advised us that he was in Korea twice recently and in the hospital with the mumps last week but otherwise he is real well and as happy as any other young boy who has been away from home for quite some time. He will be reassigned May 1 and may even get to come home so he says to say hello to all of his friends till he can.

Easter Card Must Carry 6-Cent Stamp

Postage for all Easter greeting cards, weighing one ounce or less will be six cents, area postmasters reminded mailers today.

That four-cent rate for greeting cards went out the window this January when the legislation establishing new postal rates went into effect.

The first class postage rate now in effect will provide jet flight service for Easter greeting cards to service men in Viet Nam and other overseas locations, as well as airlift treatment for most domestic addresses more than 250 miles from the mailing point.

The expected high volume of cards in the mail just before Easter will require extra help at postal installations all across the nation, the area postmasters reported, and said they would have crews on hand to start April 11.

Athletics Prep For Baseball

The Palos Colonial Athletics will again take to the baseball wars this spring when the umpire will sound his clarion call, "Play Ball!" on Sunday, May 12, according to Ray Beavers, Manager of the A's. Once again the A's will be co-sponsored by the Colonial Savings and Loan Association of Oak Lawn and the Palos Senior Baseball Association, a not for profit group.

Beavers expects to have his squad in over 40 games. The A's will again play in the John Sullivan League where they garnered the championship trophy last year and, in addition, will travel to Chicagoland cities and towns for night games. In addition to the 16 Sullivan Sunday games, Beavers will point towards the State Amateur Title at Elgin and

makes no bones that he will be saving his Sunday punch for a shot at the state title.

The Sullivan League this year will have no two divisions, and the Palos Colonial Athletics will play in the American Division against the following teams: Chicago Saxtons, Lansing Old Timers, Chicago Majors (new team), Skokie Indians, and Midlothian White Sox. The National Division will be made up of Harvey Cab, Chicago Yankees, Griffith, Indiana, Aurora Tigers, Chicago Cardinals, and Chicago Dodgers (new team). In the Sullivan competition the 16 game series will be 10 games in its own division and 6 games with the other division teams. The first round will be completed by June 23 and a first round champion will be crowned. The second round will start June 30 and after the 16 games a second

round title holder will be determined. On August 18 a play off game between the first and second round winners of each division, if needed, will be played. Then on August 25 and September 1 the World Series, a best of 3 between the Champions of the National Division and American Division will be

played. This will be followed by an All Star game with the American Division and the National Division playing each other with twenty players being picked for each division team. Trophies will be awarded to the World Series Champions and also individual trophies to each All Star player.

First Phase Building Program and Second Phase Fund-Raising Program for

LUTHERAN SOUTH HOSPITAL

• To Serve You and Your Community •

The new Lutheran South Hospital for the Southwest Suburban area was established as to need and location by the Hospital Planning Council for Metropolitan Chicago. The projected population for 1970-75 in this rapidly growing area calls for an immediate increase in hospital facilities.

The First Phase construction of Lutheran South Hospital, which will begin in 1968 will have foundations for future expansion to meet the area's growing needs. The first unit will include medical-surgical beds, a psychiatric section, and obstetric and pediatrics departments. It will have a completely furnished coronary care section and an intensive care unit. The hospital will also include an out-patient and emergency department. Lutheran South Hospital's First Unit will also include all the ancillary services for a completely modern and well equipped hospital.

Architect's Rendering Of The New Lutheran South Hospital, Matteson, Illinois

Both Federal and State funds have been allocated for Lutheran South Hospital, and it remains only for us to successfully complete our capital fund-raising effort.

The new Lutheran South Hospital when completed will employ between 800-900 persons.

The economic impact of this facility on the Southwest suburban area will be tremendous.

It will be built on a 45 acre tract in an area planned for development. Hundreds of new homes, many new stores, countless new job opportunities, services, added income and bank deposits are all in the offing.

The First Phase of our fund-raising effort raised \$1,660,020. The Second Phase of our fund-raising effort is starting. It is our prayer and hope that the citizens of the Southwest suburban area will support the program. It is for YOU that we build.
